

LUCY ZELMAN'S Learning Center

New Attitude, New Habits, Better Grades

Summer Skills For a Better Year!

Research has shown that most students lose many of the skills they learned at school after just 8 weeks of summer! This summer, the focus at our center will be on improving and enriching reading, writing, and math skills. Enrollment in our Summer Skills program will provide individualized instruction to enhance current abilities and introduce more effective approaches towards learning.

Student: _____ Phone #: _____

Parent: _____ Phone #: _____
